1.00 pm LEADING IN AND OUT OF TOUGH TIMES

Drew Povey

How do we lead through moments of difficulty? This has certainly been the prevalent question for all leaders during the last few months. The world is changing at a rate like never before and many people are finding themselves overwhelmed both in their professional and personal lives. This challenge

is magnified exponentially for those who are in crucial leadership roles. Leaders who are earnestly and carefully trying to look after their people in the best way that they can, need at the same time to prioritise themselves so that they can continue to be the best leaders they can be.

Drew's session will explore how you can lead through these times of change and intense difficulty. High energy and impactful, it will provide you with specific walk-away ideas to be implemented immediately; ideas to help you front the challenges you are currently facing, to help you survive and thrive. *Drew Povey has over twenty years of professional experience in multi-sector executive-level leadership across a wide range of sectors including education, elite-level sport, corporate, non-profit and Government settings. Drew is continually exploring and developing the latest thinking and practice to best prepare and empower individuals, teams and organisations for this ever-changing world in which we live.*

2.10 pm THE SECRET STORIES OF ENGLISH

Susie Dent

Susie Dent, is an English lexicographer, etymologist and media personality. She has appeared in "Dictionary Corner" on the Channel 4 game show Countdown every year since 1992. She also appears on 8 Out of 10 Cats Does Countdown, a post-watershed comedy version of the show presented by comedian Jimmy Carr.

Susie's presentation gives us an entertaining but informative talk about words and their hidden stories. How even the most everyday terms have a secret past that can thrill and intrigue. She'll talk about the evolution of language and its muddy but beautiful course; how mistakes can become our standard, and why English spelling is so very tricky (but also so rewarding). Finally, Susie will talk about words of hope and optimism rather than the negative ones we've become accustomed to.
