2. POWER PROJECT UPDATE

Jethro Bogdanov was welcomed to the meeting. He explained that Power is a targeted early intervention and prevention service across Southend, Essex and Thurrock (SET) funded by NHS England Mental Health & Justice Pathways via CAMHS collaborative. It is now the prevention offer within Essex Youth Offending Service.

The project is voluntary, offering free 12 x 1 to 1 support to children and young people aged 8-13, and their parents, to help them develop the emotional resilience to cope with challenging situations.

The following criteria apply when accessing Power:

- Youth Justice: will have had contact with or be known to the police (perhaps as a victim, or an 'involved person') but not convicted of an offence
- School: struggling to engage at school, attending irregularly, at risk of exclusion, on reduced timetables, may have unmet SEND / additional needs
- Emotional Wellbeing and Mental Health: indicators of need include emotional dysregulation, various trauma responses such as fight, flight, freeze.

The main aim of Power is to support children and young people to develop their emotional resilience
The key objectives are:

- To help reduce school exclusions (both fixed term and permanent)
- To support children transitioning from primary to secondary education where possible
- To work with families, schools and other agencies to help scaffold effective on-going support post-intervention

- To prevent the criminalisation of children and young people

POWER is a sub-statutory threshold service (level 2 in Essex County) but many families have significant experience of social care, and co-work cases with ECC Early Help (Family Solutions, Level 3 in Essex County) and TAFSO service

Support siblings of those under YOS' supervision, inc. Out of Court Disposals (Community Resolution+)

Part of the wider CAMHS pathway for youth justice:

Affinity (MH&J pathways) within ECFWS (HCRG+ Barnardo's 0-19 service)

To support the wider local authority to deliver Trauma Perceptive Practice training to schools

POWER Manager jethro.bogdanov@essex.gov.uk

Practice Supervisor chloe.potter@essex.gov.uk

3. WEST EPHA ANNUAL GENERAL MEETING

a) CHAIR'S REPORT

Nick Hutchings, the Vice-Chair of EPHA read Isobel Barron's chair report on her behalf.

Review of the year

Well, how do we sum up this year in terms of all the educational challenges we have faced?

The business of schools is not 'just' education any more- schools more and more, have to do it all- there is no other support for us or our children and families. The challenge for public service to do even more, always for less and less, and to maintain quality of provision and standards is beyond impossible.

Floyd Woodward, decorated SAS major and leadership coach spoke recently at the last WEPHA meeting of a 'compass for life' philosophy. One of 'values, integrity and compassion.' Well head teachers have it in abundance and more!

Last year, we ended with a degree of hope and optimism, in the anticipation of a more 'back to normal,' but it has been far from it!

SAS selection is tough- but try being a head teacher! Our strategic weaponry- skills of multi-tasking; negotiation, people, resilience and perseverance in the face of immense and sometimes insurmountable obstacles, and still deliver results, is testament to dedication and commitment of our profession. YOU!

Whilst there have been some positives and success, it has been a year full of immense and continued challenge; stress and an uphill battle juggling all the balls and keeping it all going for everyone all of the time. Relentless!

I don't know about you but I am certainly utterly exhausted!

We have all been working longer and harder and trying to do our best for the children and community we serve. We are working with ever tightening budgets, being asked to do more with less and trying to retain or recruit staff into a system that is now very clearly broken. The uptake of staff into senior leadership roles is dwindling and heads in this room are spending more and more time talking about early exit, escape plans or reviewing what their skills set could be used for in other employment. It really is of no surprise.

The return of the 'critical worker list' just served to remind us that even though a strike is taking place, we must be made to feel guilty about how this impacts the rest of society.

Our new Secretary of State for Education has done little to support schools and short of placing a massive injection of money into SEMH provision, I just don't think there is an answer.

Many in the room have had to carry out redundancies or significantly trim budgets to ensure our survival for another year - these are some of the hardest decisions we have to make.

This horror story could be played out for pages and pages, but to what end?...

For our own health and well-being we must seek out the 'bright spots' of our weeks; the *raison d'être*, for us being headteachers. The child that 'finally gets it', the dysregulating child that has learnt to re-regulate by themselves without the support of a member of staff, the non-attending child who has returned to school, the staff who have followed an instruction without the need for follow up, the smiles and tears that we have shed as a team and the sense of making a difference... however small.

These are the reasons that we continue in the job. This is why we chose to do what we do.

Throughout this year EPHA has been there for colleagues again. We are unlike any other Local Authority in the way we come together as one voice in Essex. Our combined drive to improve outcomes for children and staff, as a group, is unmatched. At this point I would like the members of the Executive to stand up and be congratulated for representing schools of the West at County level. Please give them a round of applause!

Also Pam, for all her support and hard work for the heads of Essex again this year. From being the 'google' of Essex to a shoulder to cry on, from finding that document we have lost, to recalling what was said in a schools forum meeting, from providing the termly briefing to training governors - we could not manage our jobs as well without you. Please put your hands together for Pam!

What is to come?

This year I am not sure.

None of us could have expected the level of debt and wider impact created by the energy crisis or the sad return of strike action, or the many changes in government, all making our jobs harder and harder to do.

As ever, we are leaders with great fortitude and resilience; with amazing resourceful problem solving skills! We prove time and time again that we can turn our hand and skills to resolve anything! A very talented bunch indeed! However, I know only too well the toll this can have on our own mental health and wellbeing. For me the comradeship and support that I receive from the West Heads in my role as Chair, has been invaluable and has certainly kept me going. It remains a real privilege to represent you and trying to make a difference- making your voices heard, of your daily experiences and challenges, in a very uncertain and challenging educational climate.

Something inside of us, keeps us going when we feel that we have no more to give- keep doing what you are doing as YOU are valued, YOU are important and YOU are worth it.

Floyd Woodrow reminded leaders that we need to take care of ourselves- how can you take care of others if you are not sustaining yourself? In his presentation, he asked us to score ourselves out of 10 for the following healthy habits:

What score would you give yourself?

I scored very low- but what I have changed since then is making sure that I stay hydrated and drinking water.

This summer – is a time to redress the balance- to score that illusive 10/10 – though I would settle for 5/10- or at least more than a couple of hours sleep!!

This summer give yourself some well-earned time off, shut the laptop, lock your office door and try your best to switch your mind and body to interests, experiences and family life and enjoy the summer break as you have truly earned it!

For some reason you keep voting me in as the chair of this group. I am more than happy to stand down to allow someone else to take the role on if they would like. I actually cannot remember how long I have been in this role but it is the majority of my 22 years as a head in West Essex. If this is something you would like to do, please speak to Pam or myself. I feel privileged and proud to represent you at meetings, to get the best that we can for the children of West Essex. Thank you for your support- I could not do it without the support or Pam, the wider Executive and You. Happy summer holidays!
